

Spindletop at Stonehill Village **Guidelines for Basketball Hoops**

1. In ground installations only. No mounted or portable units permitted.
All units must be approved before installation.
2. The backboard is to be white or clear and not exceed 48" by 30".
3. The post is to be black.
4. The rim must blend with the backboard selected.
5. The net must be nylon or an equivalent. No chain nets permitted.
6. No additions may be made to the post, backboard or net. Specifically, no lights, no rollback nets, no rebounders, no padding.
7. No court markings are permitted on the driveways.
8. Installation must be behind the front setback line. If the installation is to the side of the driveway, the installation must be centered on the garage doors. An installation centered at the rear edge of the driveway may also be permitted. The installation must be adjacent to the driveway within 6 inches. No backyard installations are permitted.
